The Secretary of the Committee kept an account of these *outside expenditures*, reaching at least from two to three millions of dollars, which might properly have been included within the limits prescribed. It may be proper to state, as showing the real strength of the church, that of the immense expenditures upon the Presbyterian Hospital in New York, not over \$50,000 was reported in the Memorial Fund. For the hospital in Philadelphia, also valued at a very large sum, not over \$20,000 was counted Memorial. PREFATORY NOTE.

IT cannot be expected that the statistics of the Memorial Report will be found to be entirely accurate. Had all returns from the churches been made in the forms which were furnished, entire accuracy would have been attainable; but with the imperfect reports which have been received—often omitting even to name the Presbytery from which they came, and giving partial amounts at different times—the Committee have by great labor endeavored to reach the nearest possible approximations.

In some instance where churches have been credited with amounts given by individuals to colleges or poor churches, and not reported by their own officers, the total will be found larger than the original reports. In other cases the original reports have been diminished on account of a reported failure to reach the amount at first subscribed.

The amount of additional reports rendered subsequent to the meeting of the Assembly is a little less than a quarter of a million of dollars, being made up mostly of small returns from the country churches.

The Committee, understanding that the extension of time by the Assembly till the 1st of August was intended only to admit reports which were designed to be given before the Assembly, have put forth no effort to swell the amount, but have merely entered what was reported up to the allotted time.

The total up to August 1st lacks a little of *Eight Millions of Dollars*.

As there is in the body of the report rendered to the Assembly some allusion to various sums raised in the churches which, to the amount of two millions at least, were excluded from the Memorial footings, it may be well to state more definitely on what grounds that estimate was based.

In the correspondence of the churches during the year amounts were often named as being expended in various ways, but which the donors did not choose to consider Memorial.

The Secretary of the Committee kept an account of these *outside expenditures*, reaching at least from two to three millions of dollars, which might properly have been included within the limits prescribed. It may be proper to state, as showing the real strength of the church, that of the immense expenditures upon the Presbyterian Hospital in New York, not over \$50,000 was reported in the Memorial Fund. For the hospital in Philadelphia, also valued at a very large sum, not over \$20,000 was counted Memorial. Of the noble gifts made to Princeton College only about \$30,000 was included, and about \$10,000 of the amount raised for the Theological Seminary. One hundred thousand dollars given by one individual to a local institution in Western Penn-

sylvania was not reported, and the same may be said of considerable sums given within the limits of the Synod of New York for different seminaries and colleges.

Extensive church building operations in various sections of the Church were excluded from the report; and while many cancelled debts and needed repairs were reported, many more were left out of the account.

Even where the Memorial work has not been approved, it has at the same time been *emulated*, so that the kingdom of Christ has been everywhere advanced.

There may have been disappointment among the friends of some of our institutions of learning at not having received larger endowments during this common effort.

It will be seen, however, from the above statements, that the aggregate raised by the Church for this class of institutions during the Memorial period is more than *Two Millions of Dollars*.

The tabular report herewith published is designed to show only the gifts of churches as such. It is found to be impossible to publish the gifts of individuals, which, therefore, are simply entered on the permanent books of the Committee.

In consequence a very large balance is herein presented under the general head of "Miscellaneous." Some of the very largest and noblest of all the Memorial offerings are embraced in it, but it is impossible to discriminate between donors.

The complete manuscript records of all the churches, with their gifts or failures, were presented for general inspection at the meeting of the Assembly; but in this final printed form only the contributing churches are recorded.

PREAMBLES AND RESOLUTIONS PRESENTED BY REV. SAMUEL W. FISHER, D.D., LL.D., AND ADOPTED IN JOINT CONVENTION BY THE MEMBERS OF THE TWO ASSEMBLIES, PITTSBURGH, NOVEMBER 12, 1869.

IN the Providence of God, the two Branches of the Presbyterian Church in the United States of America, after a separation of more than thirty years, are again united. This event, in its magnitude, is unparalleled in the ecclesiastical history of this country, and almost of the world. It evidences to all men the presence and unifying power of the Divine Spirit. A fact so remarkable and significant attracts interest and creates expectation among even worldly minds. It awakens the sympathies and the hopes of all who truly love Christ among other denominations. It awakens hope, since it illustrates the evident purpose of God to bring all his followers into closer union in spirit, combine them in action for the overthrow of error and the diffusion of his truth; it awakens expectation, since they justly anticipate on our part, from this union of resources, spirit, and action, a far more vigorous assault upon the forces of darkness, and more decided efforts to spread the Gospel among all classes in our own and other lands.

To us, as a Church, it is an era in our history most memorable and hopeful; memorable, as it signalizes the triumph of faith and love over the strifes and jealousies of more than a quarter of a century; hopeful, since it is not the result of decadence and torpor, but of progress and augmented strength. It buries the suspicions and the rivalries of the past, with the sad necessity of magnifying our differences in order to justify our separation. It banishes the spirit of division, the natural foe of true progress. In this union are seen the outflashing of a divine purpose to lead us on to greater self-sacrifice, and a more entire consecration to the evangelization of the world. God has elevated us to this commanding position, that we may see His glory, and in the strengthened faith it inspires devote our united resources more directly and efficiently to the salvation of men. New and grander responsibilities rest upon us. Jesus summons us to a holier faith and more perfect consecration. He summons this Church to answer his loving kindness by deeds commensurate with our renewed resources. The times are auspicious; everywhere peace reigns; the gates are open, and the millions of our own and other lands wait for the Gospel. Our position is commanding; our resources great;

our methods of action well settled, simple, and efficient. The Spirit of God that has united us will inspire, direct, and bless our efforts. While we maintain the faith which Paul so fully unfolded, and our Church, in the centuries past, has, through manifold persecution and martyrdom, so gloriously upheld, we are summoned, as by the will of God, to arise and build, to form new, broader, and bolder plans for the extension of Christ's kingdom, and to enter upon and execute them with apostolic enthusiasm.

Let us, then, the ministers, elders, and members of this Church here assembled, as in spirit standing in the presence of and representing the entire body of believers in our connection, and the beloved missionaries in foreign lands, who now await with tender and prayerful interest this consummation of our union—let us, in humble dependence upon our dear Redeemer, with deep humility, in view of our past inefficiency and present unworthiness, and as an expression of our devout gratitude to Him who has brought this once dissevered, now united, Church up to this *Mount of Transfiguration*, signalize this most blessed and joyous *union* with an offering in some good degree commensurate with the abundant pecuniary gifts that He has bestowed on us. And, to this end, be it

Resolved, That it is incumbent on the Presbyterian Church in the United States of America, one in organization, one in faith, and one in effort, to make a special offering to the treasury of the Lord of Five Millions of Dollars: and we pledge ourselves, first of all, to seek in our daily petitions the blessing of God to make this resolution effectual; and second, that we will, with untiring perseverance and personal effort, endeavor to animate the whole Church with the purpose to secure the accomplishment of this great work before the third Thursday of May, 1871.

Resolved, further, That the Stated Clerks of the Assemblies of 1869 be requested to publish this paper, with the names of the Moderators, Clerks, the Joint Committee on Reunion, and the Commissioners now in attendance, appended thereto.

This action was by common understanding rather than by formal vote referred to the Joint Committee on Finance, and they were expected to report to the United Assembly in May, 1870, at Philadelphia.

The Joint Committee consisted of the following persons:—

Rev. JOHN HALL, D.D.	HON. WILLIAM E. DODGE.
Rev. CHAS. K. IMBRIE, D.D.	HON. WILLIAM STRONG.
HON. ROBERT MCKNIGHT.	Rev. JONATHAN F. STEARNS, D.D.
HON. HOVEY K. CLARKE.	Rev. WILLIAM H. GOODRICH, D.D.
Mr. W. S. GILMAN.	Rev. CHARLES HAWLEY, D.D.

It was also understood that Hon. William E. Dodge should be authorized, as Treasurer of the Fund, to open books immediately for the receipt and recording of offerings.

REPORT OF THE JOINT COMMITTEE ON FINANCE RELATING TO THE MEMORIAL FUND, AS AMENDED AND ADOPTED BY THE GENERAL ASSEMBLY AT PHILADELPHIA, MAY, 1870.

The Joint Committee was called into existence by the following resolution of the Joint Committee on Reunion:—

“*Resolved*, That a Committee of five from each branch of the Church be appointed to take into consideration the subject of raising funds for the use of the United Church, and the best methods of doing the same, and the objects to which the same should be directed, and to report to the next General Assembly.”

The Convention of the United Churches at Pittsburgh, Pa., further agreed, with enthusiasm, to the following resolution:—

“*Resolved*, That it is incumbent on the Presbyterian Church of the United States of America, one in organization, one in faith, and one in effort, to make a special offering to the treasury of the Lord, of Five Millions of Dollars: and we pledge ourselves, first of all, to seek in our daily petitions the blessing of God to make this resolution effectual; and second, that we will, with untiring perseverance and personal effort, endeavor to animate the whole Church with the purpose to secure the accomplishment of this great work before the third Thursday of May, 1871.”

The action of the Committee upon these resolutions is herewith submitted.

On the subject of the Five Million Memorial Fund, the Joint-Committee (all the members being present but two, who were hindered by unavoidable engagements), after most careful and anxious deliberation, agreed unanimously upon the following resolutions:—

1. That, notwithstanding we find, on examination, that the terms of the resolution adopted on the subject by the General Assemblies recently met at Pittsburgh, Pa., do not distinctly enjoin the duty of raising the proposed “Memorial Fund” upon this Joint Committee; yet, being fully persuaded that the general voice and expectation of the Church have determined that this service fairly belongs to the Committee; and, further, inasmuch as funds for this object have already been tendered to us, we assume this to be a duty embraced within the intention of the Assemblies in our appointment; and therefore we conclude to initiate this work at once, and to conduct it until the meeting of the General Assembly.

2. That, in the judgment of this Joint Committee, it is not within the intention of the Church to include in this fund the ordinary contributions to the Church's stated work (which in our new position should be greatly advanced), but to create and strengthen permanent institutions at home and abroad, to meet such extraordinary claims as arise out of our new position, and to effect such objects as properly commemorate our union. By these we mean—

I. Theological seminaries, colleges, and seminaries for the education of our daughters, including buildings and endowments of the same; it being understood that such institutions shall be chartered, and shall be in connection with the Presbyterian Church.

II. Literary institutions for the raising of a native Gospel ministry in heathen lands.

III. Church buildings and manses originating subsequently to the Union, and otherwise entitled to public aid; hospitals and orphan asylums in connection with the Church.

IV. Institutions for the education and evangelization of Freedmen.

V. Special contributions for the establishment of a permanent Sustentation Fund, which shall include funds to be appropriated for the support of disabled ministers and their families.

At the same time the Committee announced that the Hon. William E. Dodge, as Treasurer, in accordance with the recommendation of the Convention, would receive donations for these objects, and donations to be applied hereafter, at the discretion of the General Assembly.

These resolutions were extensively published, and while much diversity of view appears to prevail regarding details, their leading principle appears to have secured general acceptance, and in various quarters efforts have been inaugurated in accordance with it.

The Committee having considered what practical measures should be suggested to the General Assembly, with a view to realizing the Five Million Memorial Fund before the third Thursday in May, 1871, according to a resolution of the Pittsburgh Convention,

It was unanimously agreed to recommend—

1st. The appointment of a Committee for the raising and disposition of this fund, subject to the principles now agreed upon.

2d. That this Committee shall examine the claims of particular institutions seeking to enjoy the benefit of the fund, either by direct appropriation or their own efforts, the results of which are reckoned as part of the fund.

3d. That, in addition to other efforts, a collection be made in all our congregations, as nearly simultaneously as practicable, during the month of January, 1871, when the ministers, having prepared the way by keeping the subject constantly before the people in the interval, shall more especially urge the contribution upon them.

4th. That the Committee, constituted by the first resolution, be instructed to prepare and forward to each congregation through the pastor, stated supply, or session, to be laid before each member of the congregation, a *clear, distinct, and minute* plan for *subscribing, reporting, collecting, and forwarding* the amounts contributed to this fund, and also to prepare and send suitable blanks for these purposes.

5th. That our Presbyteries and Synods be instructed, at their fall meetings, to make careful inquiry of each pastor and elder, and know if these subscriptions have been presented to the *individuals of all* our congregations; and in cases of failure to take such measures as may best secure this result.

The following Committee was appointed the Committee on the Memorial Fund:—

Messrs. Winthrop S. Gilman, J. Crosby Brown, John E. Parsons, Alexander Whilldin, Benjamin F. Butler, Isaac Scarritt, William T. Booth, Archibald McClure, Jr., and George Junkin.

RECEPTION OF THE MEMORIAL REPORT BY THE GENERAL ASSEMBLY AT CHICAGO, MAY 23D, 1871.

At three o'clock on Tuesday afternoon, the order of the day receiving the report on the Memorial Fund was taken up. A considerable audience of ladies and gentlemen, besides that usually in attendance, had filled the house in all parts. Mr. Winthrop S. Gilman, of New York, the Chairman of the Committee, was introduced by the Moderator, amid applause, and said:—

I rise to make some explanation before the reading of the report. You gave us that privilege a day or two since, in the passage of the resolution to hear the report this afternoon. I want to say that in the progress of the work, we have, as a Committee, sometimes had our dark days, have met with much that is discouraging, and it seemed as though God, in His providence, was about to do with the Presbyterian Church, that which He often does in His wonder-working ways—disappoint the earnest expectation of His people, and cause them to feel humbled before Him by failure.

But as the work progressed, and when it came within five or

six weeks of completion, as we hoped, and we had less than a million of dollars upon our books, we at the same time lost all sense of apprehension. The view we had of the feeling throughout the union; the evidences of the influences of the Holy Spirit touching one heart and another, were so manifest that we lost all anxiety, and rested in the hands of God, perfectly willing. I speak on behalf of my brethren and myself when I say that we were perfectly willing that it should be but three or four millions of dollars, if God so pleased. If you could look into the correspondence that has come before the Committee, you would see in the incidents—the repeated incidents of the greatest interest, especially among the poor, the offerings of the poor, their prayers and their self-denial—you would see that which would lead you to say that the salt of a divine savor was bestowed upon it in answer to our prayers. And especially I would congratulate you, my brethren, that in the first act of the reunited body we agreed that it was incumbent upon the Presbyterian Church to make a special offering of Five Millions of Dollars to the treasury of the Lord, and the saving clause was put in: “And we pledge ourselves in our daily prayers to seek the blessing of God that this resolution may be effectual.” It is the prayers—the widow’s prayers, the orphan’s prayers, the prayers of the poor—their self-denial, and the combined influence of the whole Church, that have brought this act to its consummation. And it teaches us a very great lesson in the spiritual profit to the Church. The whole interest concentrates, to my mind, in this fact—the spiritual benefit to the Church of God.

I will not go on with any incidents, though they are very moving, for I know you are impatient to hear the report. I will only mention the rigid course that this Committee has taken in counting the offerings of the Church. In many cases clergymen have sent us a report stating: “We have contributed so much for general purposes, so much for our home objects,” and below the signature would be found written, “And we have also paid \$7,000 on a church debt which you may count in if you see proper.” No, no, my friends, it is the intent of the giver that bestows the Memorial quality, and we have acted upon the principle that if the Church felt any doubt whether they consecrated it to Christ we would mark it off, and we have laid aside many and many such subscriptions. Again, in the great variety of views entertained by individuals in making a free-will offering to God, of course there would be a vast number of offerings, just outside the line, which we could not count. I will instance one of them. A gentleman on the Hudson River wanted to make one of his princely donations in a Me-

morial gift of \$30,000 to a theological seminary ; but his interest concentrated chiefly in the theological seminary of Virginia, where our Southern brethren congregate. He gave it to that institution—claiming that it was a Memorial offering, acceptable, no doubt, to God, as anything in our treasury. But we could not count it. This was the Memorial offering of our own Church. (Applause.) I will not detain you longer (I know you must be impatient), only to introduce to you our Secretary, well known to all, the Rev. Dr. Ellinwood, who will now read the report ; and you will be assured by it that the Church has fulfilled her promise to consecrate \$5,000,000 to the treasury of the Lord.

READING OF THE REPORT.

The Secretary of the Committee, the Rev. F. F. Ellinwood, D.D., of New York, presented the report. It is as follows :—

REPORT OF THE PRESBYTERIAN MEMORIAL COMMITTEE, MAY, 1871.

The Committee appointed to raise and disburse the *Five Million Memorial Fund* was organized at 47 Exchange Place, New York, June 17, 1870, the Chairman, Winthrop S. Gilman, presiding. It was resolved that Hon. Wm. E. Dodge be requested to continue the office of Treasurer, and Rev. F. F. Ellinwood was appointed Corresponding Secretary for one year, for the general supervision of the work. Steps were immediately taken to lay before the churches a distinct plan for subscribing, collecting, reporting, and remitting their offerings according to the direction of the Assembly.

The Committee learned that during the interval between the passage of the original resolution at Pittsburgh and the final ratification at Philadelphia, only about \$1,900 had been contributed to the Central Treasury, though beginnings had been made in various forms of home work among the churches.

The greater part of the \$5,000,000 was yet to be raised, and eleven months remained for the work.

The small amount which had thus far been contributed, the wide differences of opinion in the Church as to the uses which should be made of the fund, and the general demand that the people should be allowed to judge of the wisdom and necessity of their own disbursements, rendered it plain that success could be attained only by adopting a policy as liberal as the instructions of the Assembly would permit.

The great object in view, as the Committee conceived it, was to render memorable the Presbyterian Reunion by an enlargement and strengthening of all the structural interests of the Church as a permanent token of gratitude to God.

The motive of highest utility must be coupled with that of commemoration.

Even aside from the question of what was feasible and what was not,—of what might succeed and what would inevitably fail,—it seemed more important to secure the greatest possible advancement of the kingdom of Christ than to present imposing results before men. Evidently no committee could realize so large an amount as five millions of dollars without seeking the co-operation and subsidizing the manifold interests of the whole Church. Each Synod and each Presbytery must take up its own work ; every institution of learning must stimulate the exertions of its alumni and its local friends, and every feeble congregation must seize the opportunity both of quickening its own efforts and of gaining help from others. The Committee have, therefore, from the first, endeavored to provoke the diligence of the churches in those forms of work, within the prescribed classes, which in their judgment should present the strongest claim to their liberality. They have, however, urged particularly the *general* objects named by the Assembly, and have invariably presented the highest and most spiritual motives. As far as possible the Committee have been personally represented in the various Synods and in union meetings of the churches in the larger towns. In order to secure the more thorough co-operation of the West and Northwest, Rev. A. G. Ruliffson was, on the 1st of August, appointed Western Secretary for the remainder of the fiscal year ; and the Committee have had abundant reason to rejoice in the results of that appointment.

In regard to the range of objects contemplated in this work, the brief outline recommended by the former *Committee of Ten*, and adopted by the last Assembly, has proved to be eminently wise, both in its comprehensiveness and in its limitations. It confined the effort to the main departments of structural and permanent interests, and yet forbore to enter into details which could not have been judiciously imposed beforehand, and which could only have exerted a discouraging and repressive influence. The structural objects which were indicated by the Assembly, were of five classes, viz. : Churches, Manses, Literary and Theological Institutions at Home and Abroad, Hospitals connected with the Church, and Houses for the Use of the Boards.

What proportion of the aggregate fund should be allotted to each of these classes the Assembly did not state ; nor has the Committee felt authorized to decide. If one class has been found to absorb too much, and another has received too little, it is but an inevitable result of that discretionary freedom which the plan necessarily involved. To these permanent objects, as

distinguished from all current work, the Committee have endeavored to confine the effort, allowing only such expansions as were conceived to exist in the spirit of this movement as first proposed. If in the practical exigencies of so many churches, seeming changes have appeared in the plan, they have been only those of natural and necessary development, as the bulb is transformed to a rooted plant.

Thus the principle which admits a complete institution must be so ramified as to cover all its parts. If the friends of a particular college, variously offer endowments, new buildings, scholarships, libraries, repairs, cancelled mortgages, and grants of land, they must, of logical necessity, be included, though in the outset no such variety had occurred to any mind. So of churches, if one congregation find acceptance for a new sanctuary complete in all its parts and appurtenances, no principle of justice can exclude the poorer flock who can only offer a part of a church, as an enlargement, or a new roof, or an organ, or a bell, or even a horse-shed or a fence.

It is true, that by such a rule some humble objects are included; but He who, in the construction of his ancient sanctuary, invited even such offerings as a ram's skin or a little goat's hair, does not despise an humble gift. It is a beautiful feature of our common Memorial, that it has harmoniously combined the efforts of the wealthy and the poor. The affluent have given their tens of thousands, and with equal acceptance the toiling needlewoman has offered joyfully her mite; the merchant prince has drawn his check, and the converted Indian on the frontier has given his honest score of days' work upon the walls of God's house.

It is inevitable that the general principles governing so great an undertaking should sometimes be abused. How could it be otherwise, when so much of worldly motive mingles with all the benevolence and all the services of the Church. The Memorial work has doubtless been marred by as many exhibitions of a selfish spirit as appear in other things; but the degree of selfishness has not always been measured by mere locality, nor by the kind of Memorial object chosen. Hundreds of the noblest instances of self-sacrifice have been shown in humble congregations, which were struggling to secure a sanctuary for themselves and their neighbors about them. A voluminous record might be given of incidents and illustrations of the most touching character, and affording ample proof that many have found the Memorial work a precious means of grace.

While pursuing a liberal policy in admitting the gifts of the churches, the Committee have confined their own direct disbursements to objects of a general character, and those of the

most pressing need. They have had no desire to secure any large proportion of the fund to the general treasury, except as enabling them to meet this class of wants. They would gladly have accomplished more in this respect than they have.

At a time when very general apprehension existed lest the Memorial should seriously embarrass the Church Boards, many persons in various parts of the Church expressed a desire to devote their Memorial offerings as special donations for the relief of the Boards. As such gifts found no sanction in either the letter or the spirit of the Assembly's instructions, the Committee felt that they had no authority in the premises, but they finally resolved to admit these special offerings in a separate class, subject to the action of this Assembly.

In the midst of the apprehensions just referred to, the Committee have maintained a hopeful spirit. They have so constantly received assurances that the churches which were doing most for the Memorial were even increasing their gifts to the Boards, that they have felt confident that the end of the year would show very slight deficits in our regular benevolences, if any at all. And it is with rare satisfaction and gratitude that they now find that confidence fully justified.

Comparing the reports of the Boards just rendered to this Assembly with those presented a year ago, and confining the estimate to the actual gifts of churches and individuals, as distinguished from legacies and other casual resources, they find the receipts of the United Boards, compared with the aggregates of the Separate Boards of the two branches last year, to present the following gains as compared with last year:—

Home Missions, gain over last year, \$16,297.25; Church Erection, gain about \$20,000; Education, deficit, \$964; Publication, deficit, \$9,888; Freedmen, gain about \$500; Ministerial Relief, gain, \$13,687.27; Foreign Missions, gain, \$37,296.89; Aggregate gain of all the Boards, \$76,502.89.

It should be stated that the gains in the Foreign Board are mainly due to the accession of churches formerly contributing to the American Board of Foreign Missions; but it should also be said that there are still considerable amounts in the Memorial Treasury for the Presbyterian Board not included in their report.

There are furthermore some differences in the time of closing the fiscal year of the Boards, as compared with the previous year, but these differences, together with the fact that the Memorial report closes latest of all, will, on the whole, rather strengthen the exhibit which is here made, and will fully establish the important fact, that *during the Memorial year churches and individuals have given a larger aggregate to the Boards than in any previous year of our whole history.*

It may be proper also to dwell for a moment upon the direct benefit which the Memorial has conferred upon the various causes which the Boards represent.

On the Foreign Mission field, permanent institutions have been provided for to the amount of nearly a hundred thousand dollars.

In Church Erection on the Home field a careful estimate shows that about six hundred churches and chapels have been reared during the year and a half, of which only twenty-one have reported a cost of over \$25,000. About three hundred of these, including mission chapels, have directly or indirectly received aid from the Memorial Fund. The amount which has actually been received into the treasury for this purpose is \$96,282.93.

The cause of Publication has only been benefited in the enlargement of the Publishing House to the extent of about \$45,300.

For the Freedmen's cause less has been done than was desirable—only about \$10,000 having been reported for schools and churches devoted to their interests.

The cause of Ministerial Relief, aside from special gifts already estimated in its own reports, has received some small amounts for a permanent fund.

How far the cause of Education has been advanced may be judged by the fact that the Church has added nearly a million and a half of dollars to her educational apparatus in various permanent forms.

The relation of the Memorial effort to Home Missions is less direct, but none the less important. The recent report of the Home Mission Board shows that the churches under its care have raised \$228,627 for the payment of church debts. This amount, at the safe rate of eight per cent. interest, shows a saving to the Mission Churches, and virtually to the Mission Board, of \$18,130 per annum. But the whole amount of Memorial contributions reported from Home Mission churches is \$339,410, and when we add the large sums given them by others for churches, manse, and repairs, we shall have an aggregate increase of not less than half a million of church property in the Home Mission field,—the effect of which will raise many churches at once, or very soon, to a position of efficiency and self-support. And, finally, the Memorial effort in all our churches, rich and poor, by removing obstacles and enlarging foundations and quickening exertion, has prepared the way for the *future* work of the various Boards beyond anything in the history of the past.

The Committee are led to believe that not the least of the

good results of this effort has been its rallying and uniting influence upon the denomination. It seems providential that the reunion should have been followed by a common and enthusiastic movement, overrunning and obliterating all the old lines of separation.

It has, moreover, strengthened our courage by the development of important principles. It has shown that there is a responsive loyalty among us, to the projects and behests of the Assembly; it has demonstrated the important fact that we are a thoroughly organized body, and that by our Presbyterian polity even so great a mass may be marshalled and wielded in the great work of Christian conquest. Nor can it be doubted that the experiment of this Memorial year has *permanently* enlarged the scale of benevolence among us. Whatever may be said of the use which the churches have made of their gifts, the great and notable fact is, that such vast amounts of money have been given at all for religious purposes, and given mainly with a sincere desire to accomplish the highest good. It is not a light thing, that in this worldly age, and amid the business discouragements which have marked the year, and with the current expenditures of all the churches still continued, and with seven regular boards to be maintained in full operation, so many extra millions of dollars should have been contributed for the permanent interests of Christ's kingdom. The fact itself is the best possible monument of reunion. The spectacle of such a movement is full of encouragement and hope.

And lest it should be said by any that these are not extra amounts; but that we have only recorded the average structural work of average years, the Committee have been at some pains to learn what has been done outside of the Memorial reckoning; and they find that by the common impulse, which, even under protest, could not wholly be resisted, more than two millions of dollars, not included in this report, has been raised during the Memorial period for the same kinds of work. There is abundant proof that the five millions which it was resolved to raise, may be set down as a clear gain above all previous years of our history as a Church. The Committee are free to confess that even their highest hopes have been more than realized in this respect. And when they contrast the discouragements that hung over their early efforts, with the general response that has at length been given, they are impressed with the fact that the result is due not to skilful management, nor to faithful labors, nor to any human influence, but to the special power of the Spirit of God moving so many hearts in all parts of the land to a common effort.

It is due to some of the best men in the Church, who from

the first have doubted the policy of such a movement, to say that they have nevertheless, in other ways, helped forward the cause of Christ in proportionate degrees. It is partly owing to the special efforts of such that the Boards have been so well sustained. The Committee rejoice in their labors also, nay, and will rejoice since every way God is glorified.

In reviewing the labors of the year the Committee take much pleasure in acknowledging the great assistance afforded them by the weekly religious press of the denomination. Perhaps never before has the power of the religious press in promoting great Church enterprises been so fully illustrated. To human view it is difficult to see how, without this valuable agency, the work of the Committee could have been accomplished. To *The Evangelist*, *The Presbyterian*, *The Interior*, *The Observer*, *The Herald and Presbyter*, *The Banner*, and *The Occident*, the thanks not only of the Committee but of the whole Church are due for their efficient aid. The Committee would also make grateful mention of the fact that furnished offices have been placed at their disposal during the year by Phelps, Dodge & Co., and that similar courtesies were tendered them by Brown Brothers & Co., and others in New York.

In presenting the actual statistics of the work, it should be premised that, owing to the tardiness of the returns from many churches, our report is necessarily incomplete. Much work known to have been accomplished is too late for this presentation. Some of the returns also have been so indistinct that a satisfactory comparison of college reports with those of churches, with a view to avoiding repetition, has been wellnigh impossible. And as the Committee have preferred to err on the safe side, they have in all cases of uncertainty ruled out college reports, though fully persuaded that by this means \$200,000 is excluded from their footings.* Owing to the same difficulty no account has been made of the reports of special Memorial gifts returned by the Boards, and by the Woman's Societies. Large sums, also, gathered from individuals for churches in the West, have been excluded on account of uncertainty, though it is believed that many of them have not been reported by donors. It was the first intention of the Committee to report individual donors in some cases by name; but the difficulty of a proper discrimination has been found to be so great that such names are simply entered on the Memorial Records, while to the public they are reported in the aggregate, under a general miscellaneous head.

The classification of money received and reported thus far is as follows:—For New Church Buildings, \$3,236,475.61;

*Some of these have been included in the final footings given August 1st.

Manses, \$683,884.05 ; Repairs and Enlargement, \$733,707.60 ; Payment of Debts, \$1,083,478.72 ; Institutions of Learning, \$1,405,548.66 ; Permanent Institutions in Foreign lands, \$93,509.96 ; Special Gifts to the Boards, \$60,340.40 ; Hospitals, \$48,665.35 ; Relief Fund and Sustentation, \$41,150.46 ; Presbyterian Houses, \$46,882.37 ; Amounts not specified by the Churches reporting it, \$162,681.10 ; Expenses of the Committee, \$11,175.63. It is with profound gratitude to God that the Committee announce as the total amount reported up to 12 o'clock to-day, SEVEN MILLIONS SIX HUNDRED AND SEVEN THOUSAND FOUR HUNDRED AND NINETY-NINE DOLLARS AND NINETY-ONE CENTS.*

Dr. Ellinwood said in the course of reading the report :

And here I wish to say personally one word which I am sure our beloved and honored Chairman would never have permitted me to embody in this report. I want the Assembly and the Presbyterian Church to know how far we have been indebted for the success of this work to the faithful labors of Winthrop S. Gilman. (Applause.) Even at the risk of intruding upon feelings, the delicacy of which I well know, I should not feel that I was doing justice to myself, or to what I regard as demanded in the case, if I did not state that nearly through the whole year he has labored side by side with me in duties properly belonging to the secretaryship. I feel that the Church has a sort of common right in such examples, and that they ought to be set on a candlestick, that others seeing them may glorify our Father who is in Heaven. (Applause.)

Upon the conclusion of the reading of the Report, a hymn of praise arose from all the assembly in the building spontaneously: "Praise God, from whom all blessings flow."

The Moderator then called upon the Rev. Dr. John Hall, of New York, to lead the Assembly in prayer. There were few whose faces did not bear the traces of the deepest emotion, while all stood as thanks were returned to Heaven.

PRAYER BY DR. JOHN HALL.

Our Father who art in Heaven, the God and Father of our Lord Jesus Christ, and God of our fathers ! We have trusted

in Thee, and Thou hast not suffered us to be confounded. Many a time we have come to Thee with trembling lips and with fainting hearts to offer petitions and supplications with strong crying; and now, O God, we come to Thee with joyful thanksgiving and hearty praises that we may bless and magnify Thy holy Name, and adore Thee together as a God that is faithful and that keepeth covenant, and that doth not let one word fall to the ground of all that He hath spoken unto his people. Thou art our God, and we will praise Thee. Thou art our fathers' God, and we will magnify Thy holy Name. O God, we bless Thee for what Thou hast done for us as a Church. Thou hast wrought all these works for us, Thou hast poured out upon us Thy Spirit. Thou hast helped us to gain this victory over selfishness; and we bless Thee and praise Thy holy and adorable Name. O Lord, we acknowledge before Thee that Thou givest us the power to get wealth, and Thou dost work within us to will and to do of Thy good pleasure.

For Thy mercy in bringing us together; for the joy of our happy reunion; for the inspiration in our hearts leading us to enter upon this undertaking, we bless Thee and praise Thee together here to-day.

And now we thank Thee, Heavenly Father, that what was conceived in hope and in gratitude has, through Thy great goodness and mercy, been realized so richly in the midst of us to-day. For surely Thou hast done for us exceeding abundantly above all that we hope or expected at Thy hand; and so we bless Thee. Again we raise our Ebenezer together, again we say before Thee and before the world: "Hitherto hath the Lord helped us."

God Almighty, we thank Thee for the grace given to our brethren who have been engaged in collecting these our offerings; we bless Thee for the patience, the wisdom, the diligence, the zeal, and the prayerfulness with which they have been enabled to prosecute this work; and now we pray on their behalf that there may come back abundant blessing into their souls.

We beseech Thee, Lord, strengthen them and help them for yet greater services in the cause of our precious Master. We implore Thy blessing upon all the agencies, and all the institutions that are to be strengthened, or that have been strengthened already through this Memorial work; we pray that those who are engaged in conducting them may be baptized with the Holy Ghost. God Almighty, we supplicate Thy blessing upon all the friends, our beloved brethren, who have contributed to this Memorial Fund. Lord, bless the rich. Save them from trusting in uncertain riches; and, Lord, bless the poor who have given of their poverty. May there come into their own souls

seven-fold blessing. Give them a renewed sense of Thy favor, and the abiding spirit of adoption within them; and, O God, give them grace we beseech Thee, give to all our brethren who have been engaged in this work, grace to maintain that standard of Christian liberality to which in Thy goodness and mercy Thou hast raised us during this year.

And now, O God, upon our beloved Church—the Church for which Thou hast brought us, to labor and to pray—we supplicate Thy divine blessing. O Lord, save her from trusting in material resources. O Lord, keep her from entering into her work in the spirit of a secular corporation. O Lord Jesus, our King and Head, fill us with Thy Spirit, and enable us to do Thy work in the way that Thou dost approve, through the means of Thy Truth, and to the glory of Thy Name. And when, as this day, Thou dost enable us to look upon anything as completed, Lord Jesus, save us from the folly and the sin of arrogating the credit to ourselves, and help us to bring our tribute of homage and thanksgiving by laying it at Thy feet, and saying: To Thee, not unto us, O Lord, not unto us, but to Thy Name be the glory.

And now, as ministers and as elders; as the members of this General Assembly, Moderator, and members, we do together afresh consecrate and dedicate ourselves unto Thee, Father—our Father—that we may be guided, and directed, and kept by Thee continually—that we may live to the glory of that Saviour by whose redeeming work we have been saved, and that we may strive and toil forward in the power of that gracious and Divine Spirit who has come upon us in some measure, and who has strengthened us to do that over which we rejoice to-day. So may we be helped in life and in death, in our hearts and in our homes, in our pulpits and among our people, in our Presbyteries and in our Assemblies may we be helped to give glory to the Father, and to the Son, and to the Holy Ghost.

Almighty God, we supplicate Thy blessing upon all sections of our Church and upon every department of the Christian work, both at home and abroad. Pour out Thy Spirit upon our seminaries; baptize our professors and instructors of the young with the Spirit of grace and wisdom. Oh! make us, we beseech Thee, as a Church a mighty spiritual power over this whole land! And we supplicate Thee for the country at large. Surely Thou hast blessed us richly, and laid us under great responsibility. Unto us Thou hast given a good land and a large, whose mountains are iron and out of whose hills we may dig brass; Thou hast clothed our pastures with flocks, and our valleys with corn; Thou hast given to the people abundance of bread, and Thou hast raised us and strengthened

us and kept us as a nation, and hast lifted us to a high place among the nations of the earth.

For this we praise Thee. And, O God, we pray that this, our beloved Church, the Church of our fathers, may be the happy and honored instrument, in Thy hand, of blessing this entire nation; of purifying the public sentiment; of enlightening the public darkness; of guiding national influences; so that, ourselves in peace and in righteousness, we may be made an unspeakable blessing among all the nations of the earth. O Lord, continue among us, as a Church, this sweet brotherly love. O Lord, give us more and more of the spirit of forbearance, the spirit of magnanimity, the spirit of mutual confidence and cheerful trustfulness. O Lord, make us strong in common sympathies, common aims, common desires. O Lord, make us strong through the indwelling of the Divine Spirit; let the power of Christ continue to rest upon us. Receive our thanksgivings, pardon our sins. Lord, forgive the sins of our lives; and when any merely human motive has entered into the performance of this great and high duty, the consummation of which we witness this day, Lord, forgive the sin we beseech Thee, and accept the service and the sacrifice that Thy people bring to Thee, and in them and in their labors, be Thou, O Lord, glorified. We ask these things in the name of Jesus; that precious Name through which we present our thanksgivings and our praises. And unto the Father and the Son and the Holy Ghost, one Supreme Jehovah, be glory and homage, dominion and power, world without end, Amen.

The Rev. Dr. Eells, of Cleveland, said: It is manifest from this paper just read by the Secretary, that there are some details rendering the work of this Committee not yet complete. I move that the report we have just heard, and which has so much thrilled us to-day, be accepted and referred to a special committee of the usual number, to be appointed by the Moderator.

A committee was accordingly appointed, Dr. Eells, chairman. In due time Dr. Eells presented the following report, which was passed unanimously by a standing vote of the Assembly.

REPORT OF THE SPECIAL COMMITTEE ON THE MEMORIAL FUND.

The Convention of the United Churches at Pittsburgh agreed with enthusiasm to the following resolution:—

Resolved, That it is incumbent on the Presbyterian Church in the United States of America, one in organization, one in faith, and one in effort, to make a special offering to the treasury of the Lord, of Five Millions of Dollars; and we pledge

ourselves, first of all, to seek in our daily petitions the blessing of God to make this resolution effectual; and second, that we will, with untiring perseverance and personal effort, endeavor to animate the whole Church with the purpose to secure the accomplishment of this great work before the third Thursday of May, 1871.

The Joint Committee reported this resolution to the General Assembly at Philadelphia, and recommended that a committee be appointed to raise and disburse this Memorial Fund, the contributions to be limited to the objects specified in their further report. This recommendation was adopted, and the committee was appointed, whose report of a year's service has so thrilled this Assembly and the whole Church—the further consideration of which was referred to this Committee. The details of their work as respects responsibility, devotion, energy, and patient toil, can be known only to the honored brethren whose names will for ever be identified with the result. The result itself is grand, perhaps without parallel—viz., that \$7,607,499.91 were contributed to the Fund during the year, besides more than \$2,000,000 which were given for objects that might properly be included within the list adopted, but which, because of the choice of the donors, or for reasons growing out of the strict construction of their rules, the Committee did not feel at liberty to include in the Fund; and at least \$200,000 given to various educational institutions, which were not reckoned, lest the amounts composing this sum might possibly have been reported by the churches, and thus be duplicated, though this was not likely;—making a total of what the Church has really given during the year to be \$9,807,499.91—or, in round numbers, which will hardly be below the truth, \$10,000,000. A notable fact connected with this Memorial gift, moreover, should be ever borne in mind—viz., that it is not laid on the altar at the sacrifice of the regular benevolent work of the Church, but in addition to contributions to our Boards, in the aggregate “greater than in any previous year of our history.”

Such is the condensed record of a work, among the most remarkable, all things considered, of all that are mentioned in the annals of the Church. Your Committee will not be expected to present again in detail the items and facts of the admirable report given into their hands. Yet there are some inferences from these, and some considerations respecting them, which they commend to the attention of the Assembly.

1. It is manifest that the great success of this effort has been largely dependent on the wisdom and efficiency, and Christian spirit of the gentlemen who formed the “Memorial Fund Committee.” It is difficult to conceive the magnitude, and in some

phases of it, the perplexity of the attempt to obtain and wisely distribute \$5,000,000 on such conditions as were imposed upon this Committee. That it should have been done at all is a marvel. That it should have been done with such rare ability, and satisfaction of the Church, and manifest approbation of her Head, may well excite our gratitude and praise.

2. This great success leaves no doubt that there is among our members a degree of love to Christ, and love for our Church; a willingness on the part of the rich to give of their abundance, and on the part of the poor a desire to give through their self-denial towards the complete equipment of Zion in all her departments for the service of her Lord, and for the salvation of men, which may be trusted in any future emergencies, or when there is urgent necessity for advance. We have been too ready, perhaps, to say that Presbyterians have little zeal for the vigorous progress of their own denomination. We have been expected to aid in the support of union and voluntary agencies for the spread of the Gospel, and the redemption of the world. Nor should we wish to be hereafter unworthy of the honor on this account which others have been free to render. But we have not been known to have such "*esprit de corps*," such reliable and self-sacrificing, and general, sanctified self-love and regard for our distinctive organic peculiarities as is now most clearly demonstrated. We have known—the world has had proof—that Presbyterians love Christ, love Christians of every name, love the common cause in which all Christians should ever take an abiding interest. Hereafter, while we would love neither Christ nor Christians of every name, nor our common cause any less, but even more, we can point to the history of this glorious year for proof that Presbyterians love intensely, enthusiastically, and, because of its vital connection with the glory of Christ and the success of His kingdom, the Presbyterian Church. We can make this fact the basis for more extended and permanent agencies for evangelization. We can make it a new point of departure, as respects our whole future career. We can trust our people respecting the sublime mission we believe our denomination should accept, in the current religious history of our nation and the world.

3. As intelligent preparation for great efficiency implies the purpose to attempt it, we may assume that the Church intends to enter upon the broader work, for which both the spirit she has manifested and the effort she has made have prepared her; and her leaders may be bold in their plans for progress if they are prudent and wise. Pastors and elders in our separate churches—Presbyterians within their bounds—our Boards, in prosecuting the more general work of the denomination, may

take this marvellous exhibition, which will grow upon us as we contemplate it, as their warrant for the hearty co-operation of our members, of all classes, in any carefully digested schemes for extension and doing the Master's will. There is great promise of growth, and consequent usefulness, in this outpouring of money. It has taught the people that, with the blessing of God, it is easy to do great things; that even improbable things may be achieved by the Church; that liberality is itself a blessing. It has taught them that the poor are of importance, even in money-giving, as well as the rich. It has cultivated a more general interest in the benevolent work of the Church, because a much larger number have stock in the means by which it is to be promoted. Prayer is more earnest, intelligence is more universal, the ear of the whole number is more sensitive to appeals, and while recklessness and zeal without knowledge will result as ever before, true forecast and prudent calls for advance will meet cheering and eager response. Your Committee feel that this is the marked and special lesson of this success. It is the clear summons of our Lord, through the Church, to those who are her leaders, that they be men prepared for the events with which Providence is burdened. It is the assurance He vouchsafes, that whatever piety requires for the prosecution of its ends, it shall not be withheld.

4. Although a large portion of our churches have contributed to the Fund, and the Committee have been persistent in their efforts to induce all to have a share in the gift, there are some that have neglected the opportunity, and some that have been obliged to postpone action till it was too late, according to the provision of the resolution that the books be closed on the third Thursday of May. For every reason it is desirable that these churches be permitted to place themselves on the roll, while it is also important that the date first proposed be the end of the proper work the Committee had in hand. This may be done by the publication of a supplemental list of churches, to include all that may send their reports before a certain fixed date of the coming year, the churches designating, as before, the objects to which they wish their contributions to be applied. It is suggested for such churches that, so far as possible, they bestow their gifts for the special benefit of the regular agencies of the Church, as such gifts are to be added to the Memorial Fund by the direction of this General Assembly.

5. The figures of the Memorial Committee are to be relied upon as correct in all their particulars. But it is to be regretted that there has been no uniform rule adopted by the Presbyteries respecting their report of the sums given to different

objects. Some report Memorial offerings also in the columns of their statistical tables, and others make no such report. So that these tables cannot be a fair exhibit of what has been done during the year for the several departments of Church advance. Your Committee are not able to suggest any practicable remedy for this misfortune, and therefore are content with this mere reference to it. For reliable particulars concerning the distribution of the Memorial offerings, we must examine the detailed report, and list of churches, to be published by the Committee.

Having alluded to these inferences and considerations, among the many that might be presented, we conclude our report by recommending that the Assembly adopt the following resolutions:—

1. That we devoutly thank Almighty God, of whom come both riches and honor, and who also can give strength unto all, so that they may be able to offer willingly after this sort, that He has inclined our people to lay this Memorial gift upon His altar.

2. That we thank our brethren who have served the Church on the Committee—the most satisfactory results of whose wisdom and patience and work is given us in this report—for their fidelity and devotion in the discharge of this sacred yet difficult duty to which they were called, while we feel that this result must be their most worthy reward.

3. That we congratulate the Church upon such proof of what she is able to achieve, and of her more complete equipment for the future, upon the broad threshold of which our reunion has placed her, with the promise of great success; and that the contribution of so large a sum of money, in addition to the support of the regular agencies of the Church, leaves no doubt that she can hereafter answer any demands which the increased and more active piety of her members may make upon her wealth.

4. That while there is evident need of even more money, especially for the relief of our new churches—six hundred of which are believed to be still without houses of worship—and for the greater success of our home and foreign missionary work; and while we believe the Church is willing to respond to this necessity, the raising of this money may now be accomplished by the Boards of the Church, and the continuance of any special agencies for this purpose will not be wise.

5. That we accept this report of the Committee as evidence of their completed work, yet that the Committee be continued till the session of the next General Assembly, that they may superintend the details that may still require their attention, and make their final report to that body.

6. That as there are some churches which, for various reasons, have been unable to make their reports, yet desire to have a place among those contributing to this Fund, the Committee be requested to delay the printing of the roll of churches and individuals so contributing, till the first of August next. That before that date any churches or individuals may have opportunity to report for regular insertion, any sums that may have been given previous to the third Thursday of May, and all others may report what they desire to be added to the Fund, their names and gifts being printed in a list that may be regarded as a supplement to the regular report.

All which is respectfully submitted.

Signed by the Committee.

JAMES EELLS, *Chairman.*
